EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Donald Coulman on 12/03/07.

The application has been amended as follows:

- Cancel claims 10-27

The following is an examiner's statement of reasons for allowance:

- The primary reasons for allowance for claims 2-5 and 7-9 are the inclusion of the limitations of a printing method comprising the steps of applying a fixer to a portion of a medium in a pattern, applying an ink to a different portion of the medium, and mixing an infrared marker or an ultra marker with the fixer.

It is these limitations, either alone or combined as claimed, that have not been taught, found, or suggested by prior art.

- The primary reasons for allowance for claims 6 and 28-33 are the inclusion of the limitations of a printing method comprising the steps of applying a fixer to a portion of a medium in a pattern and applying an ink to a different portion of the medium, wherein the fixer is capable of fluorescing or acting as an

attenuating filter of fluorescence when exposed to a predetermined wavelength of electromagnetic radiation.

It is these limitations, either alone or combined as claimed, that have not been taught, found, or suggested by prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
